New Lenox, Mokena Launch Summer Recreation Plans

The summer recreation programs for the children of New Lenox and Mokena are now underway. The New Lenox program, directed by Ronald Larsen, of the Lincoln-Way coaching staff, with the assistance of Carol Werner, is to run for six weeks. The Mokena program, under the direction of Sharon Cappel, who is entering the University of Illinois this fall to major in physical education, is to operate eight weeks.

The Mokena program, which is sponsored by the park district, had its beginning in Community park on June 13.

The New Lenox program, sponsored by the village board, began June 20. It is being conducted at the Lions Den. Use of the building and grounds there is donated by the Lions club.

Thirty-eight youngsters turned out for the first day of the New Lenox program. It will be conducted in the mornings, from 9 to 12 noon on a five-day week basis. On opening day Coach Larsen explained the various recreational activities and tournaments he has planned for the season and Miss Werner gave details of the various

types of crafts and projects the children may choose to do.

The program is divided to appeal to youngsters under 10 years of age over 10. Larsen is organizing whiffle ball (some call it stick or cork ball) league with three members to a team. Plastic balls and plastic bats are used. Instructions in badminton are on the card and a hike is planned for July 1.

Some of the older youngsters have been helping in setting up equipment, Larsen said. Metal pipes have been placed in buckets of concrete to serve as supports for volleyball and badminton net standards and cork targets for darts.

Larsen has surrounded the dart board with rope so smaller children cannot run across in front of the targets.

In Mokena the recreational classes meet mornings from 9 to 12 noon and 1 to 4 o'clock, five days a week. The program is open to all children of grade school age in the Mokena park district.

Among the sports offered are horseshoes, archery, badminton and many other supervised activities.

Legion Post At Frankfort Makes Homecoming Plans

The Bobzin-Swinford Post #1098 and Auxiliary are making plans for Frankfort homecoming to be held July 1 to 4 at the ball park.

There will be various booths, rides, parades, ball games and fireworks for all to enjoy.

The homecoming will start Friday evening, July 1 and run thru the afternoon and evenings of July 2, 3 and 4.

Parades will take place on Saturday, July 2 and Sunday, July 3.

Saturday, a kiddie and pet parade is scheduled for 4:30 p.m. Those wishing to participate are asked to meet at the school grounds at 4 p.m. where the parade will be formed.

At the close of the parade trophies will be awarded to winners in the various classes.

Glenn Burkett, parade chairman, announces that all organizations,

bands, color guards, etc. from surrounding villages are welcome to enter the parade to take place Sunday, July 3, starting at 1:30 p.m. It will form at the school grounds at 12:30. Those wishing to enter may contact Fred Breyer, 5194 or Glenn Burkett, 5176 and give the name and description of entry. Kenneth Oetter, adjutant, announces there will be two trophies awarded to the best musical units and two to the best floats. Also all color guards in line of march will be presented a plaque.

Little league tournament games will be played the afternoons of July 2, 3, and 4 and softball games will be played all four evenings.

At the climax of the Homecoming a large firework display will be shown.

Expect Tax Bills Will Be In Mail By July 1

Will county residents will get their tax bills soon. County Treasurer Roy C. Doerfler said they should be in the mail on or about July 1. They will cover personal property as well as real estate.

The bills will be sent out by the collectors that serve the various townships. Announcement that the bill will be mailed soon was made by Doerfler because the county treasurer is the tax collector for the county by virtue of his office.

Taxes will not be paid directly to the treasurer, however until after July 31. Until that time they will be paid to the town collectors. The collectors' name appears in the upper right hand corner of the bill.

The first installment of real estate taxes will be past due after Aug. 1, it was announced. Personal property taxes must be paid in full by July 31.

Second installment of real estate taxes will be past due after

Sept. 1.

Normally the first installment of real estate taxes, and the personal property tax in full, are payable to town collectors up to June 1. After that date they are paid to the county treasurer plus a penalty. The regular deadline for the second installment of real estate taxes is Aug. 31 so the Sept. 1 date is unchanged for completing the payment job.

Some reassessments were necessary last year so it was late before the books were in the hands of the county treasurer. These books have to be available before the bills can be sent out--no books, no bills.

Burnett Schramm, who operates the barbershop at Frankfort, is the collector of Frankfort township. He will divide his time between Frankfort and Mokena and will announce his schedule later.

Edward Osmus, 419 N. Cedar road, is the collector for New Lenox township. He collects at his home.

New Lenox Commerce Body Expands Membership

Affiliation with the Illinois Chamber of Commerce is scheduled to be the principal topic for discussion before the newly organized New Lenox Association of Commerce at its regular meeting next Tuesday noon (June 28).

The association, which now has a membership of 52, meets the second and fourth Tuesday at 12 noon sharp in the Methodist church parlors where lunch is served by the WSCS. The sessions end promptly at 1 o'clock.

Ronald Whitaker is temporary chairman and David Bruns temporary

secretary and treasurer. Permanent officers will be elected later.

It is possible, Whitaker said, that the question of whether the New Lenox group will affiliate with the state Chamber of Commerce will be decided Tuesday.

The New Lenox boy originally was planned to take in only business men operating establishments within the village limits. Since then, however, it was decided to make membership available to all in the New Lenox area who are interested in the progress and development of the community, Mr. Whitaker said.

The organization is now working out a program to promote the betterment of the area.

Committees named by the acting chairman to serve for the current year are listed below. The first name in each grouping is that of the chairman:

Traffic and law enforcement, Lloyd Berlin, Earl Schroeder, Earl Moss; public relations and advertising, David Bruns, Bill Van-Cleave; membership and attendance, Robert Facinelli, Lester

Brown, Thomas Fitzgerald, Fred W. Penn; municipal affairs, Sheldon W. Hauck, Frank Vally, Harvey Frick; taxes and appropriations, John E. Francis, Robert McCleary; community development, Evans Drotts, Ceward Batson; retail businesses, George Vally, John Hauck, James Sherwood, William Rice; wholesale and industrial, John Matasovic, George Woodcock, LaVerne Braun; professional service, Dr. D. F. Hoffman, Dr. Thomas Chamberlin; downtown area, Howard Hutchins, Ray Reim,

Amos Bruns, Herbert Bruns; public health and safety, F. Noel Elliott, Dr. Leo F. Mursky; Otto Bormet, Donald Anderson; schools and education, Fred Feil, Carl Becker, Robert Buckler; building trades, Ralph Staples, Carl Batson, Charles Miller Peter Rob; special promotions, Dwight Davidson, Lloyd Tomany, Joseph Hartung; purposes and objectives, Ronald Crisman, Jerry Shreffler, Dr. John Westine; unethical business practices, Everett Huack and Ronald Whitaker.

Death Claims Resident Of Green Garden

Mrs. Mary A. Bettenhausen, 79 years old, a lifelong resident of Green Garden township, died at her home Saturday, June 18 after a lingering illness.

She was a member of the Women's Society of Christian Service of the Green Garden Methodist church.

She was preceded in death by her husband, William C. who was a supervisor at Green Garden for 28 years; also by a sister Mrs. Paul (Lilly) Schroeder of Blue Island, and three brothers William, Fred, and Henry Krapf of Manhattan.

Surviving are a daughter, M. Carl (Edna) Weber of Herscher; three sons, Earl, Wesley and William C. of Green Garden; a brother Jacob Krapf of Manhattan; 10 grandchildren and seven great-grandchildren.

Funeral services were held Tuesday, June 21, at the Green Garden Methodist church with the Rev. John B. Vautrin officiating. Burial was in the church cemetery.

Mokena Area Resident Dies Enroute Coast

Miss Frieda Wannemacher, 68 years old, Mokena area resident (Marley road) died in a hospital at Needles, California Sunday, June 19, after suffering a stroke on a train. She was enroute to Pasadena to visit a sister, Mrs. Carl Wolters.

Born, September 24, 1891, on the farm of her late parents, George and Nancy Wannemacher, where she had resided all her life.

At one time she was employed at Funk's grocery store in Tinley Park and worked for her cousin George Wannemacher, proprietor of the Midwest Supermart in Mokena. For the past 16 years she was employed in the children's department of Kline's store in Blue Island.

She is survived by two sister, Mrs. Carl (Pauline) Wolters of Pasadena, Calif. and Nettie and a brother Fred both of whom reside on the family farm; a niece Ruth Wolters, also of Pasadena and numerous cousins.

The body will arrive today and be taken to the Hirsch funeral chapel at Tinley Park where her friends may call tonight from 7 to 10 o'clock.

Funeral services will be held tomorrow afternoon (Friday) at 2 o'clock from the Emmanuel Lutheran church, Mokena, with the Rev. August J. Bueltmann officiating. Interment will be in the church cemetery.

Circus Day At Tinley

The Tinley Park Lions club is sponsoring a circus to be held this Saturday, June 25, with two performances at 2:30 and 8 p.m. on the Bert Fulton school grounds, 171st street.

Adams and Sells Circus will present 30 feature acts in three kinds of entertainment simultaneously, while a multitude of funny clowns will be on hand. Each performance will run 90 minutes.

Tickets are on sale for the one-day stand by the members of the Lions club or may be purchased at the door.

The proceeds of the events will be used toward building a \$125,000 swimming pool

Silver Parade Highlight Of New Lenox Horse Show

The Open Parade Class -- in which horses and riders are all attired in solid silver -- will be one of the highlights of the second annual western and society benefit horse show to be sponsored by the New Lenox Riding club.

The show is to be held this Sunday, June 26, in the ring on the Fred A. Francis 4-H fair grounds, Francis road, about three quarters of a mile east of Cedar. Proceeds from the show are to go toward the development of this 4-H project.

According to E. C. Olsen, who will serve as master of ceremonies for the event, this show is expected to be one of the largest in the region. More than 200 students are expected in the various classes. The club has received word from owners in various areas some from as far away as Terre Haute and from communities in adjoining states indicating they would have mounts here.

According to Mr. Olsen several top notch entries are expected in the five-gaited class.

The show will begin in the morning at 10 o'clock. There will be an hour off for lunch with the program resuming at 1 p.m. There will also be a 15-minute intermission in the afternoon. For persons who would like to eat at the grounds the New Lenox Home Bureau unit will have charge of the food concession.

Those in charge of the show expect at least a thousand spectators. The New Lenox Riding club shows have gained considerable reputation in the region and their events usually attract visitors from many

Collision With Automobile Is Fatal For Horse

A collision between a car and two horses on U.S. 30 Monday afternoon resulted in the death of one of the animals and the injury of the other plus some \$300 damage to the automobile. Occupants of the car escaped injury.

The horses, property of Mr. and Mrs. Frank Jursak who operate Valley View Farm restaurant on U.S. 30 near Wolf road, had apparently found a hole in a pasture fence and had wandered out on the highway.

They were struck by a west bound car containing two reservists enroute to Camp McCoy in Wisconsin for annual maneuvers. The auto is owned by Henry Killian, of Columbus, O. and was driven by his companion, Lloyd A. Thompson of Canal Winchester, O.

One of the horses was injured so severely that it was necessary to destroy it.

July 1 Deadline For Classified Advertising

Deadline for classified advertising for the July 7 issue will be 12 noon on Friday, July 1. The deadline for classified advertising is regular fixed for noon on the Monday of the week of publication. Since July 4, a holiday, falls on Monday this year the deadline has been advanced to July 1.

places.

On the morning program there will be two model classes, western and English and three trail classes, two juniors and one senior.

The afternoon card will begin with the pleasure driving class, with the horses drawing regular four wheeled buggies, followed by juniors (16 and under) competing in western horsemanship.

Then comes the silver parade. The riders in the Open Parade class wear ornate and expensive costumes but the accoutrements for their mounts really run into high figures, according to those in charge of the show. Good leather saddles are on the costly side in themselves but when one uses saddles and breast straps that are

literally covered with solid silver he or she must be able to pay out thousands. Some of the saddles cost around the \$20,000 mark, it was stated.

Shetland ponies, harnessed to miniature sulkies, will be guided by drivers in racing silks and just prior to the intermission horses will be shown at a walk, trot and canter in the English pleasure class.

The five gaited open class, the three gaited open and various other events will complete the show, including three races -- flag, clover leaf barrel and pick-up. In all there are 20 events on the program. Tickets may be obtained at the grounds.

Name Trustees To Serve Frankfort Fire District

Appointment of three trustees to serve the Frankfort Fire district was made Tuesday, June 21 by County Judge, John C. Cowing. It was announced by Attorney John Verklan who represented the district during its formation.

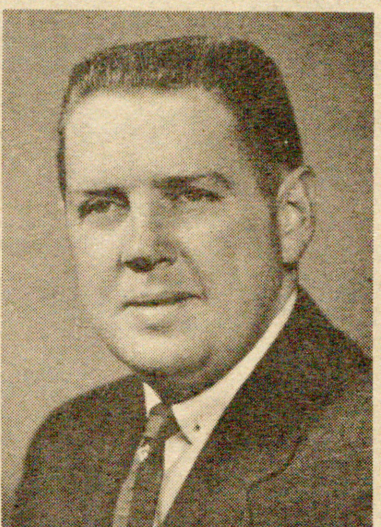

The newly appointed trustees are; Herbert J. Lambrecht, Frankfort; Albert R. Swatek, 82nd avenue, Lincoln Estates; Harold Scheer, Green Garden Township.

The trustees will draw lots for one, two and three year terms, dating from May 1, 1961.

They will prepare an appropriation ordinance and a tax levy and fix the date of the fiscal year. The levy must be on file with the county clerk by September. Taxes levied this year will not be collected until next.

The top figure that may be levied in taxes is 10 cents per \$100 equalized assessed valuation, Attorney Verklan stated. He added that most of the first protection districts in the region did not levy the maximum but rather kept the figure around six cents.

torney Verklan stated. He added that most of the first protection districts in the region did not levy the maximum but rather kept the figure around six cents.

PROMOTED -- Thomas H. Shannon has been named general manager and vice president of Braun & Aldridge, Inc. The firm currently has two residential developments under construction, Orland Park Hills and Brookhaven Manor, which will consist of over 1,000 homes with a value in excess of 20 million dollars when completed.

Burglars Hit 2 Places At Frankfort

Burglars broke into two Frankfort establishments the latter part of last week and made off with merchandise and cash of approximately \$800.

The Cities Service station operated by Harold Smith at White and Nebraska st., was entered sometime between 11:30 Thursday night and 6 o'clock Friday morning. Smith reported \$600 worth of tires stolen. They were 14 and 15 inch types, white walls and blacks.

The other burglary was the first in the 92-year-old history of the building that houses Baumann's tavern, now operated by Charles McManimen. There the thief took \$177.25 in cash from a secret hiding place. A picnic cooler that sells for \$16 was also taken.

McManimen said the tavern was closed at 1 o'clock Saturday morning and the theft occurred sometime between then and 7:30 o'clock when the place reopened for business.

The tires were insured, Mr. Smith said, but Mr. McManimen's loss was not covered.

The same night or morning the service station was burglarized an attempt was made to break in another gasoline place, the Wagon Wheel at Nebraska and U. S. 45.

Investigators are inclined to the belief that the thieves were not strangers to Frankfort.

Homecoming For Manhattan This Weekend

Frankfort Man

Addresses Group On Delinquency

John J. Johnson, of Frankfort, who is a counselor-teacher at Westwood Junior high school in Park Forest, was guest speaker at a meeting of the Association of Teachers for Delinquency Prevention at the LaSalle Hotel in Chicago, Friday evening June 10.

His topic "Juvenile problems in Suburbia" was heard before an audience of teachers, principals, school counselors and people who have been carrying on special efforts to deal with delinquents and other problem children.

Several representatives of State agencies were among the guests who were invited to participate in the meeting.

Will County School Head Names Lockport Man Aide

Verne E. Crackel, Will county superintendent of schools, announces the appointment of Boyd R. Bucher, superintendent of Lockport-Central Kelvin Grove schools Lockport, as first assistant county superintendent of schools effective Aug. 1.

Miss Edith Peterson, who has served as first assistant to Louis F. Bottino and Supt. Crackel, is retiring August, 1960. Miss Peterson will complete 21 years of service in the Will County Schools Office on Aug. 1.

Mr. Bucher comes to the county schools office from a teaching and administrative career that began in 1942 in the rural schools of Illinois, continued with work in the high schools of Des Moines, Ia., junior high teaching and coaching in Lockport. He has served as superintendent of the Lockport-Central and Kelvin Grove schools since 1952.

He attended Eureka College and completed his bachelor and master degrees at Drake university. Further graduate study has been at Northern Illinois university and the University of Colorado.

Bucher has been active in civic affairs while in Lockport, having served as president and treasurer of the Lockport Junior Chamber of Commerce as well as a term as state vice-president of the Illinois Junior Chamber of Commerce. This past week he completed his term in office as president of the Lockport Lions club. The presidency was preceded by the vice-presidency and member of the board.

Those in education circles remember Mr. Bucher as president of the Northeastern division of the Illinois Education Association serving the counties of Kane, Kendall, McHenry and Will during the 1958-59 school year. He was a member of the executive committee of this group for three years.

Mr. Bucher is a four and a half year Army Veteran during World War II, and served as a personnel and ammunition officer in the Alaskan department. He is married and resides with his wife Helen and six year old daughter Amy at 804 Valley Lane, Lockport.

Supt. Crackel announced today that Miss Gladys Leatherman who served two years as rural librarian and organized the traveling

library for the rural schools, and then was appointed elementary supervisor, has resigned effective Aug. 1. Miss Leatherman has served the Will county schools office for 20 years, having been appointed to the office staff by Mr. Bottino in 1940.

Frankfort Board Approves Zoning For Ralph Cooper

Recommendations of the village zoning board of appeals for reclassification of two pieces of property for Ralph Cooper, of Cooper-Show Ford dealers were approved by the Frankfort board of trustees at its regular meeting Monday night.

Moat of the meeting, however, was taken up with a discussion of the sanitary sewer system now under construction.

One piece of property in the zoning case is located north of Nebraska street and east of White. It is changed from I-1 (light industry) to I-2 (heavy industry) which permits use of the property for an auto wrecking yard, providing certain conditions are followed.

The others piece of property is at the northwest corner of the intersection of U. S. 30 and 45. It is changed from farm to B-1 (business) which permits the operation of a gasoline station, showrooms and the like.

The board allowed payments due contractors on the sewer system -- \$49,112 to Gaskill & Walton for work on the sewage treatment plant (which includes \$30,000 for a filter) and \$33,209 to D'Andrea Construction Co. for work on the sewer.

Village Engineer Robert Hamilton informed that board that 49% of the sewer system (on a footage basis) was completed and that 45% of the job on the treatment plant was finished.

To date the village has paid out \$63,526 on the treatment plant and \$135,717 on the sewers proper. The amount includes \$13,542

for extras which Hamilton pointed out was well within the \$38,000 set up for contingencies.

The board is now studying what policy to adopt dealing with vacant lots which may lay for years without making use of the sewer. One suggestion made was to establish a tap in fee of \$100 or \$150 to be in force after a date to be established, plus interest at the rate of five or six per cent a year, compounded, with a maximum fee of \$200 or \$300, including the interest.

It was decided no attempt would be made to collect a minimum sewer service charge on buildings not in use. The board members pointed out that the utility companies

made no charge for service when it was ordered disconnected. Ordinances passed some months ago deal with charges in multiple dwelling and when city water is not available to sewer users, two other points discussed. Industrial rates will be worked out later when cost figures are available and a differential made for use of water that is not turned into sewer mains for processing.

Hamilton was officially employed as engineer for street improvements made thru the use of motor fuel tax funds, as required by the state. One of the first things contemplated is detailed plans for the extension of Kansas street to White. It was formerly blocked by a dwelling that has been removed. The village hopes to get the street graded and a base course laid this year.

Bible School To Present Program At Church

The School Club of 33-C will sponsor a dance at the school building on Thursday evening, June 23, beginning at 8 o'clock. Mr. and Mrs. Otto Moravec are in charge of arrangements. Seventh and eighth graders and high school people are invited.

At a special meeting of the Homer Fire Flies 4-H club at Homer church Wednesday evening, Thomas Zander was in charge. Joseph Jopek, assistant farm adviser, was present and advised the group on their various projects. Ronald Baxa gave a demonstration of rope halter making. Plans are being made for a safety campaign to be conducted during the summer. The regular meeting time is the first Thursday evening of each month.

Irene Benck received her B. S. degree in Nursing at the commencement program of Iowa State University on June 10. She is employed with the Will County Health Dept.

Ed. Termunde, Dan LeGrand, Wayne Parker and George Anderson attended the annual State convention of Future Farmers at Springfield, June 7-9.

Ruth Benck will be one of the counselors at Shady Oaks Camp on Parker Rd. when it opens on June 26 for an eight-week session.

Mrs. Hazel Lusk of Tucson, Ariz., is the guest of her parents, the J. Y. Parkers. On Sunday, Mr. and Mrs. Roy Parker entertained at a family dinner in honor of Mrs. Lusk, and of their daughter, Althea, who celebrated her tenth birthday on Monday.

During the past week end, Mr. and Mrs. Don Aspel had as visitors Mr. and Mrs. Floyd Smith and daughter, Joyce, and Mr. and Mrs. Lawrence Stalter and son, all of Tiskilwa; Mrs. Kathleen Cork and son of Princeton; Al Twedt of Melrose Park; Ben Smith of Omaha, Nebr. and Mr. and Mrs. Gene Frank and family of Princeton.

Randy, Ricky and Kendall Frank of Princeton remained to be the guests of their cousins, Mike and Pat Aspel, for two weeks, and are attending Bible School at Homer church.

Jay Carlson is improving from his recent illness, but is still hospitalized. Mrs. Ray Carlson is recovering from an infected finger and the flu.

Be sure to read Frank Paul's account of the games played by Homer boys base-ball team on the sports page of the Lockport Herald.

The Missionary Society will hold its June meeting on Thursday, June 30 at 10 o'clock at the church with Mrs. Emma West and Mrs. Charle Jensen as hostesses.

Fine cooperation has been marked at the sessions of D.V.B.S. at Homer Church this past week. Promptly at 9 o'clock, in spite of the rainy weather, from 70 to 80 youngsters, seven teachers and

six or more helpers have arrived at the church each morning to carry on in seven classes, which are being held in the parsonage, the old school building and the church. The school costs at least \$1 per child for the two weeks, and this expense is being defrayed by daily offerings. Mothers of pupils and interested church women have been most generous in helping with the light refreshments which are served each mid morning.

On Sunday, June 26, the school will put on a program of things they have learned during the two weeks, in place of the regular worship service, beginning at 10:30 to which every one is invited. This will be a combined Sunday school and Church service.

The junior choir has discontinued practice for the summer months.

Mr. and Mrs. John Marks have had as their guests for a few days, his mother, Mrs. Arthur Marks of Milroy, Minn., and his sister, Mrs. Mary Rolland of Tracy, Minn. also her son Stephen. They left for home early in the week.

The Couples' club will sponsor an ice cream social on the church-school lawn the afternoon of July 10. Refreshments will be available and sociability will be enjoyed, beginning at 3 o'clock.

Carl and Dieter Michaelson of Homer Township are flying to Germany by jet Wednesday, June 22, and will return home by ship, S.S. America, July 18. Carl is the son of Mr. and Mrs. Otto Michaelson and Dieter is the nephew of Mr. Michaelson who came from Germany in 1957.

This is Dieter's first trip back home. He will celebrate his 21st birthday with his parents, sisters, grandmother and brand new five week old baby brother.

While in Europe, Carl and Dieter will tour Switzerland and see the Passion Play in Oberomergau, Germany.

Carl is a junior at Lockport Township High School.

A Father's Day barbecue was held at the home of Mr. and Mrs. James Vaclena, Sunday, June 19. Guests were Mr. and Mrs. Frank Humlick and daughter, Elaine, Mr. and Mrs. Bill Williams and son, Brian, Mr. and Mrs. Frank Krakovec and daughters, Beverly and Mary Beth, Mrs. Anna Dedina and Mr. Joseph Humlick. They played games and enjoyed their outdoor barbecue.

Elaine Charlene Humlick, former graduate of Lockport Township High School, graduated May 26 from the Michael Reese School of Nursing.

Mokena Woman Encounters Monsoon In Her Travels

BY MARGARET SEMMLER
In a recent letter to her sister, Mrs. John Schaub, 60 North Division street, Mokena, Mrs. Anna Pollock has written some interesting happenings of her trip she is taking around the world.

Mrs. Pollock, who spends much of her time in her Mokena home, left May 1 for San Francisco, then by ship to Hawaii and then to Manila. Leaving Manila for Hong Kong, China, the ship's captain stated there was a monsoon reported 350 miles away. They ran into the storm at Hong Kong and had to stay on their ship. Mrs. Pollock stated it was rated the worse storm in the past 11 years. The winds reached a velocity of 105 miles an hour and the rain was so heavy that one could not see thru it.

When the tourists finally could leave the ship and go ashore, Mrs. Pollock stated the storm had left havoc in its path that could not be described. The poor people lost everything they had; but took it bravely. Mrs. Pollock and her lady companion stayed in a hotel one or two days.

A rather unusual experience was had by Mrs. Pollock when they

visited the Palace grounds at Hong Kong. As they entered the gardens they had to pass the monkey cages where the sidewalks touch the cages. As she passed by, a monkey reached out thru the wire netting and grabbed her glasses and took them into the cage. When a guard rescued the glasses they were destroyed. The lady companion with her had a monkey reach for her necklace, but as he pulled, the necklace unclasped and fell to the ground. Fortunately, Mrs. Pollock had two pairs of glasses with her.

During the four day stay in Hong Kong, they ferried to Kowloon for a sightseeing trip, and the ship left for Kobe, Japan.

Mrs. Pollock did not go to Kobe as she decided to change her itinerary and finish the rest of her trip by plane. She was going to Siam, Thailand, where, we are hoping the elephants will be kinder to her than were the monkeys.

NEW BELL CHIME

What a wonderful new idea for your home! Soft musical notes that announce your telephone calls all through the house.

The Bell Chime can be placed anywhere—living room, family room, or any central location. It's inconspicuous and comes in velvety gold or soft ivory to blend with any color scheme or decor.

If you like, you can set it for a loud bell when you're outside in the yard or on the patio. Or set it for the familiar telephone ring. The cost is surprisingly low—and maintenance is free. Call your Service Representative at your Bell Telephone business office and ask her about the Bell Chime.

Better yet, stop in and have her show it to you. Or if an installer-repairman visits your home, ask to see it.

The Japanese Riots

The action of Premier Kishi of Japan withdrawing the invitation for a visit to that nation by President Eisenhower closes an incident that might have had grave consequences.

Rioting students, led by Communists on the Russian payroll, demonstrating against ratification of a Japanese - U.S. security treaty were believed to have been prepared to violate the person of the President had he arrived in Tokyo last Sunday.

Observers point out there is nothing in the treaty detrimental to the interests of Japan. The instrument is intended to aid free nations in combating communistic aggression in the East.

The vast majority of the Japanese people are said to be friendly to the United States and anti-Communist. Ratification of the treaty is all right with them. But such a step does not suit Russia other than it gave the Reds an excuse to foment riots channeled into demonstrations against America.

The Kremlin, you may be sure will endeavor to turn the situation into propaganda blasts thruout the orient to bring loss of face to the United States and the Kishi government. It probably will also work the affair into its favorite propaganda mill -- the United Nations -- in its unrelenting campaign to conquer the free world.

There are some of our own people -- seeking to make use of the situation for their own political ends -- who are critical of the fact that the President had intended to visit Japan in the face of hostile demonstrations against our nation.

They are taking the same line the Reds are using -- that the withdrawal of the invitation to the President to visit Japan has caused loss of face for us and the Japanese and loss of face is a serious thing in the orient.

It seems to us that if loss of face should be charged to anyone it would be to the respectable Japanese which make up the majority of the population of that land. They failed to back up their government in its clash with the radicals and Communists.

Certainly there should be no loss of face for us. Mr. Eisenhower did not cancel his visit because a minority group made up mostly of students and teenagers led by Kremlin trained and paid thugs warned him against coming. He cancelled the visit because Premier Kishi withdrew the invitation on which it was based.

Until that time Mr. Eisenhower was determined to keep his appointments in Japan, even at the risk of his life. We are glad that the visit has been called off because we wouldn't want the President placed in a position where harm might come to him.

BILL CARTER - CHEF

It looks to us, however, that this business of turning the other cheek and endeavoring to be tolerant and overflowing with goodwill is a losing proposition when dealing with the Russian mobsters.

Under the new laws of Japan the use of police and troops to maintain peace and order is severely limited.

During the riots in Tokyo last week police were quoted as saying they felt certain they could control the situation if permitted to use force. The one time they were permitted to use tear gas, rioters broke and fled.

Persons who fall into the class described as respectable shy away from violence and force. It is difficult, however, to appeal to the intelligence of an element that is bent on destruction of law, order or decency, or the violent overthrow of a government or institution.

The world might be spared most of its troubles today had the czarist forces swept the marching mob from the streets of St. Petersburg in the 1917 revolution which brought on the Communist regime that now plagues decent people. Leaders of that mob later admitted that had the imperial forces opened up on the mob there would have been no revolution.

Napoleon, in command of artillery and the judicious use of grapeshot, is credited with stamping out the last surge of the radicals in the French Revolution.

We are not advocating bloodbaths for the Japanese or any other peoples but there are times when a firm stand must be taken and force met with force.

On Second Thot

By GLENN F. LOGAN

A news release from the South Cook County Mosquito Abatement District (a title almost as long as the official name for the barber-shop quartet organization -- the Society For the Preservation of Barbershop Quartet Singing in America, Incorporated) informs the public that among its other chores the district's laboratory crew is now engaged in raising more mosquitoes.

This does not mean there is any shortage of the creatures in or out of the district and that the lab boys are raising the things in order for the field crews to have something to shoot at or whatever it is that is done to eliminate the pests.

According to the press release this flock now under glass is described as "a pest mosquito in this area."

"There are some not pests?" demanded the man at the next desk, an opinion shared by this corner.

There may be some mosquitoes that are meaner, more voracious and more persistent than others but in my book they are pests.

The release from the SCCMAD - to go alphabetically -- does not say why these mosquitoes it is raising are more of a pest than any other. There is no data given on the length of its drill or beak; whether it has a longer neck so it can get more whip into its nip, or what.

Maybe the darned things wear spikes so they stomp as well as

bite.

Dr. Robert A. Hedeon, entomologist-manager of the district, reports the colony being raised is doing quite well, thank you. He hopes that by having them close at hand the lab workers will have opportunity to study their private lives and possibly learn things about their habits and characteristics "that we can exploit in our fight against them in the field."

Dr. Hedeon is skating on thin ice here. Keeping mosquitoes shut off this way is not only a ghetto type of segregation but having them under constant surveillance is clearly an invasion of their privacy.

However, this corner is hopeful that the doc and his lab and field crews get in some good solid licks against the pests before some forward-looking zealots get a state or federal bureau established or at least a legislative committee appointed to protect the civil rights of mosquitoes.

We protect Communists and buzzards so why not mosquitoes.

This department hopes that this new crop of saber-toothed mosquitoes not get too smart while prisoners in the laboratory. Could work both ways, you know. Humans study mosquitoes to do them in; mosquitoes study humans to learn their methods of destruction so as to escape them.

The SCCMAD press release says one problem raising these mosquitoes is the lack of an enthusiastic volunteer force for blood donors.

Anyone want to give?

NEEDS HELP

Dramatic proof of the need for aid for Chilean earthquake victims is evidenced by this Puerto Montt orphan--his only belongings heaped in a string bag-- shown waiting a mercy plane trip to a refugee reception center in Santiago.

Nations throughout the world are responding to appeals for help. President Eisenhower appointed American Red Cross President, General Alfred M. Gruenther, as coordinator of U. S. voluntary relief efforts. Numerous religious and welfare organizations are engaged in the massive relief project. The Red Cross, which is conducting a nationwide fund appeal, made an initial allocation of \$175,000 and provided \$250,000 worth of donated medical and other supplies.

Business & Finance

BY MAURICE P. ANGLAND

Even the general business is expected to show substantial advance from present levels, downturns of an adjustment nature, are expected.

A number of investment commentators point out that on a long range basis, well selected stocks are no less promising than in the past. The economy in 1965 is calculated to be well above that of today. Such calculations by responsible agencies, have, over the years, proven to be rather accurate.

Standard & Poor Investment Service has set up a tabular projection of expansion. This table shows the national income in 1959 as \$398 billion, anticipated for 1960 as \$421 billion, and 1965 figure as \$490 billion. Personal income is shown as \$380 billion in 1959, \$401 billion in 1960; and \$490 billion in 1965. Personal savings in 1959 was \$23 billion, 1960 expected at \$24 billion with \$29 billion expected in 1965 - a steady growth of one billion per year. Population is expected to reach 196 million in 1965.

In a free economy where competition is allowed to exist, the most successful firms are those aggressively working to produce more and better goods and services at lower costs. The term "costs" being in terms of the man-hours the purchaser must trade to secure the goods and services. Calculations of costs on the basis of man-hours rather than on the monetary value avoid delusion through changes in purchasing power of the dollar.

The price of such industrial competition, is that there will be short periods when business will slow down to consolidate gains and in which firms have not been sufficiently alert and aggressive, will find themselves in difficulty.

Statistical techniques have greatly improved over the years. Today automobile manufacturers can calculate approximately the number of cars that will be sold in their current year and, on the basis of these figures, about what to expect the next year. They have found that the public has spent a

rather constant percentage of total spendable income and with overbuying in a given year, the next year is likely to compensate with lower sales. This is a cumulative figure.

Investors try to select "cyclical" positions in rising business periods and "defensive" positions when in periods of slowing down of general business.

The utility stocks are favored especially when there is any question of general business activity. The utilities have shown considerable growth as well as defensive characteristics.

Expansion of the country's demand, for electric power continues to expand at a constantly increasing rate. Twenty five years ago, the utilities calculated the need to expand generating capacity at the rate of 5 per cent per year. Today this expansion rate is about 8 per cent generally and 10 per cent and more, for better situated properties. The Edison Electric Institute (an association of investor owned utilities) states that generating capacity this year is 127 million KWH; that in 1970 it will be 263 million KWH; and 1980 be 492 million KWH.

In spite of lower purchasing power of the dollar, managements have been able to reduce power costs. They use larger generating plants working at higher pressures and temperatures. The modern generator is about 20 per cent more efficient than those of ten years ago.

Steam plants using coal, oil and gas are likely to be the source of generating power for some time to come.

Book Club To Discontinue Meetings During Summer

MRS. MARGARET SEMMLER
Tel. 5561

The members of the Book Club will continue to serve as librarians during the summer but meetings will not be resumed until September.

Mrs. Rudolph Englehardt opened her home for the club meeting recently with Mrs. Richard Hird as hostess. Eleven members and one guest were present to hear Mrs. George Carlisle review the book "The Empire Builders" by Robert Case. This book is about the exploration and settling of the state of Oregon and made an ideal wind-up of the club's book review series for the year.

Mrs. Ernest McMahon returned from Silver Cross hospital where she had been under treatment for several days.

Mrs. Ruth Scheider, sister of Hugo Neithammer, and who has been a patient in the Pleasant Center nursing home, Joliet, for a few months was removed by ambulance to St. Joseph's hospital where she is seriously ill.

Vernon Bormet had the misfortune, while at work, to break his hand and will be unable to work for several weeks.

FRANKFORT-MOKENA HOME BUREAU

Outdoor cooking capers was the major lesson presented by Mrs. Betty Shinn, home advisor and Mrs. Alma Niessner, assistant advisor at the district meeting held recently at Highland Park, Joliet. A complete outdoor meal was prepared on charcoal burners. Present from the two towns were Mesdames: George Elsner, Fred Piepenbrink, William Seeman, Fred Schinkowski, Lawrence Kohl, Charles Neuls, William Cady, Arthur Buske and Walter Welsch.

The monthly pinocle party was held in the home of Mr. and Mrs. Ray Westlund last week and prizes were won by Mrs. George Elsner, Mr. and Mrs. Lawrence Kohl and Ray Westlund.

Mrs. William Seeman, Frankfort, will be hostess to the group at their next meeting, Thursday, July 7 at 7:30 p.m.

Mr. and Mrs. William Burk-

hardt, Carpenter street, are the parents of a baby boy born, Monday, June 6, at Silver Cross hospital. He weighed six pounds, thirteen ounces and has been named William Jr. The Burkhardts have two daughters, Jill and Lilly Ann.

Mrs. Nelson Gunhouse, Front street, left by plane for Phoenix Arizona to care for a sister who is ill. She expects to return next week. Mr. Gunhouse will go to Phoenix and join her on the return trip.

William Sheridan, son of Mr. and Mrs. Vincent Sheridan, 148 Center street, was among the graduates of Joliet Catholic high school on June 5. The ceremonies were held at the St. Raymond's Cathedral.

Kenneth Lorenz, son of Mr. and Mrs. Herman Lorenz, accompanied his aunt and uncle, Mr. and Mrs. George Bailey of Oak Lawn, on a ten day vacation to Jacksonville, Fla. They will visit the Baileys' son who is stationed in the Navy at Green Cove.

Mr. and Mrs. George Boyce, Mrs. Viola Hostert and Mrs. Joshua Boyce of Homer returned this week from a week's vacation at Washington, D.C.

METHODIST CHURCH NEWS
Charles Russell Miller, infant son of Mr. and Mrs. Roy Miller, Sunny Acres, was baptized during morning church service. Mr. and Mrs. Ernest Miller of Oak Forest were the sponsors.

There will be a couple club picnic and potluck supper, Sunday afternoon, June 26, at the Community Park beginning at 3 p.m. Those planning to attend the potluck should contact either Mrs. Wesley Sievert, 5381 or Mrs. Vernon Lankenau, 3136 for a planned menu which will start at 4:30 p.m. There will be games for the children and baseball for all who wish to play.

The Intermediate MYF will enjoy a hayrack ride Saturday, June 25. Those attending are asked to be at the church by 7:30 p.m.

The every member canvass has been postponed from June 19 to the 26 beginning at 2 p.m.

The early morning services will begin Sunday, June 26 and will continue for every other Sunday during the summer months. The first service will start at 8 a.m. and the regular one at 10:45 a.m.

Herbert Gramse, son of Harry Gramse, 197th street enlisted in the Air Force, Tuesday, June 14. He will be stationed at the Lackland AFB, Texas for his basic training.

George Stanisiz, son of Mr. and Mrs. Albert Stanisiz, left Friday morning, June 17, for service in the Coast Guard.

Mokena Couple Celebrates Golden Wedding Anniversary

The golden wedding anniversary of Mr. and Mrs. John F. Schaub, 60 N. Division st., Mokena, was quietly observed in their home Wednesday June 1.

As both Mr. and Mrs. Schaub have been in poor health for some time, the few following guests were invited to a 7 o'clock dinner: Mr. and Mrs. Albert Schibach, Edward Hoffsoner and Mrs. Henreitta Haberichter all of Chicago, and members of the Jolly Neighbors club: Mr. and Mrs. Henry Clark, Mr. and Mrs. Earl Stellwagon, Mr. and Mrs. Everett Creer, Mr. and Mrs. Eugene Hinspeter, Mrs. Dorothea Roesener and Mrs. Helen Scheer.

The dining tables were covered with a lace cloth and centered with a candelabra with gold colored candles. Mrs. Joseph Alexander assisted in serving the dinner.

The Rev. and Mrs. William Siemers, pastor of the Salem Church of Christ, where the Schaub's attended church when they lived in Chicago, called during the afternoon. Other guests calling in the evening came from Mokena, Peo-

tone, Orland Park, Tinley Park and Woodstock.

Mrs. Schaub was presented by Mr. Hoffsoner with a corsage of yellow rose buds and to Mr. Schaub, a boutonniere of the same flower.

Mrs. Erna Scheoneck, entertained in the evening with selections on the piano and accompanied the group in singing songs.

Both Mr. and Mrs. Schaub were born in Chicago. They were married in the Bride's parents home June 1, 1910.

Mr. Schaub and his brother Frank established and operated the first independent commercial truck repair shop in Chicago, before World War I. When this business was sold in 1948, the Schaub's, who had often visited with friends in Mokena for many years, decided to live there after their retirement, and moved into their newly built home in 1949.

Many gifts and cards were received by the honored couple.

Because Mrs. Schaub's sister, Mrs. Anna Pollock, of Mokena and Oak Park had made arrangements to on a world tour leaving May 1, she entertained in her Oak Park home previous to departing, honoring the Schaub's with a dinner. At that time the Rev. Joseph George, former pastor of the Schaub's and long time friend, called and spoke briefly. Mrs. Pollock prepared a lovely anniversary scrap book, wherein, all guests registered.

Turkey has a woman military air pilot. She is the widow of a Turkish air force officer. Her name is Sabiha Gokcen.

Frankfort Wins, Faces Detroit Nine

The Frankfort softball team recorded its second victory against one defeat, downing Monee by an 11-4 count under the lights at home last week.

On Saturday evening, June 25, at 8:30 p.m. the locals will be tested by a good softball team from the Detroit, (Mich.) area. This will be the first journey of the Michigan team.

Frankfort is up near the top of the Wilco League with its 2-1 mark. Ron Fredine of Frankfort continued his torrid batting spree with three hits in four trips to the plate. However, more spectacular was a pair of home runs among the three hits. Fredine is stationed at second base for Frankfort.

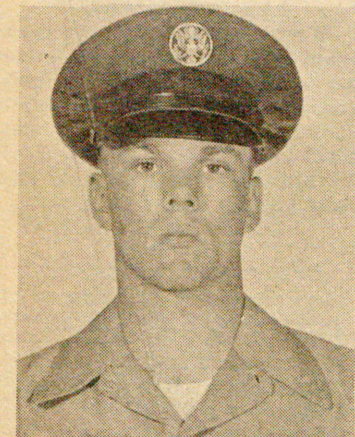

Noble Lach, Frankfort pitcher, must be listed as one of the outstanding players in the contest, as he retired the last thirteen batters to face him.

His wildness in the early innings cost him the four earned runs. He walked five in the first couple of innings, but allowed only three hits. Those three hits were good for four runs for Monee. However, Lach was great at the conclusion.

His mates battered Jim Vern of Monee for 12 safeties and received three free passes.

Schaper, G. Kratzberg and D. Krazenberg all had two hits apiece for Frankfort.

Saturday evening is one of the biggest games for the Frankfort team in sometime. They have been a consistent winner in the Wilco circuit, but can they beat the industrial might of Detroit -- that remains to be seen.

COMPLETES BASIC TRAINING

Browsing Through The Cold Stove League

BY DEAN DALLAS
Semmler Press Sports Editor
The beginnings of more sporting activity in the area is certainly a step in the right direction—according to this writer. The formation of a Church Softball league in Mokena is a good sign. We aren't a nation of all spectators. We certainly wish the greatest success for this new effort on the part of Mokena for the young and old of the community in the sporting activity.

Local participation is more healthy than just spectator interest, in numerous ways. A couple of these reasons are worth considering, before some activity is scrapped because everyone in town is not interested.

The area communities are putting some recreation monies to good use when they place it into some of these summer recreation programs. It is just too bad that more money doesn't find its way into this channel of recreation.

A team seems to have a larger power block with which to confront the recreation commissions. Thus, it seems that they get the larger share.

In most cases, there are more adequate people to give the youngsters of our community a more mature outlook on life, in addition to the physical recreation, in the larger recreation program. Many of the local physical education teams can be hired for these purposes.

Some less well trained personnel has charge of the other activity that we place our money with. Our village boards and recreation commissions might just ponder this situation. Now try to find the easiest place to get rid of the money, but to show

some foresight and energy in seeing that groups that will bring the greatest all-around good get these funds.

Often these funds are spread so thin, that no one get enough to be of much help. It would be better here again to see that the better organized and run recreation community project be the first and best funded.

This is the only summer recreational activity that really interests almost every single boy and girl in the community. Your other sports interests are specialized. This activity is one of diversification.

These recreational programs are fine, but let's not let them drop by the wayside for some group of just team effort. In the village program the children get that type of training and more.

Let the special interest groups get the support from their special interest or let them reach into the treasury after the village program is well taken care of.

Sellery Back In Line-Up For Feature

George Sellery, veteran Chicago driver, will be back in the lineup for Saturday night's midget auto racing program at Joliet Memorial Stadium, headed by a 50 lap feature event.

Sellery, who missed the early weeks of this season, returned last weekend, but spun out while running second in the feature race.

The 50 lap feature will be this season's third extra distance main event. And the pilot who won both of the previous 50 lap runs, Tony Lenti of Markham, will be back for a crack at the third.

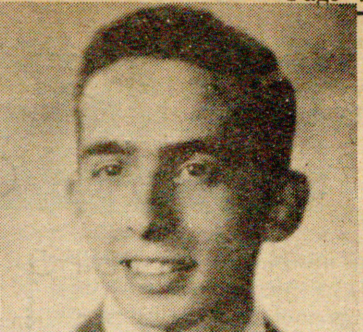

Lenti, track champion in 1953 and '54, got off to a good start this season but hasn't won anything since May 30.

Sellery and Lenti expect their toughest competition to come from such standouts as Johnny Riva of Des Plaines, feature winner last week; Jolietans Bob Hauck, who was nosed out of a feature win last week, and Bernie Wilhelm; vet-

PUBLIC NOTICE
TO WHOM IT MAY CONCERN:

Please take notice that on Tuesday, the 5th day of July, 1960, at 7:30 p.m. at the Fire Station in New Lenox, Will County, Illinois, the Village of New Lenox Zoning Board of Appeals will consider the appeal of Joseph E. Hartung, on the order of R. J. McCleary, Zoning and Enforcing Officer, refusing a permit to construct a carport on Lot 11 in Dockstader and Brands' Subdivision, also known as 129 West New Haven Avenue.

The relief prayed for by said appellant for variation of the application of the provisions of Section 3 of Article 4 of Zoning Ordinance No. 21 of the Village of New Lenox, so as to permit a reduction of the width of the side yard on the west side of said lot to provide for a carport less than the Zoning Ordinance allows.

Pipelining energy grows in importance

Demand is rising, constantly, for energy in every form... to power airplanes... run automobiles... cook meals... heat and light homes... and do the thousands of energy chores in an energy-hungry America.

Zooming during the past decade, demand for energy is expected to virtually double during the next twenty years. So far, pipelines have proved to be the most practical and economic

cal means of transporting energy in the form of petroleum and natural gas, which now supply over half of the nation's energy requirements. Also, today, even coal is being transported by pipeline.

That's why Texas Eastern is planning far ahead as it diversifies its activities in the field of energy supply and enlarges its role as Pipeliner of Energy to the Nation.
